

RULES OF THE GAME!

1. The card can not be transferred between customers.
2. Reward value is not refundable for cash.
3. The card is stamped in multiples of \$100.

For example \$199 = one stamp, \$200 = two stamps.

4. Reward only given when completed reward card is surrendered.

The reward is for **up to** \$100 credit on your next purchase **after** the card is fully stamped. Unused credit is forfeited.

5. Eligible products and services only. Subcontracted products such as rubber stamps, signage and some colour printing ineligible for stamps.

Please contact us to find out if a purchase is eligible for rewards.

6. Your reward card is the only record of rewards earned, so please keep in a safe place. Card not replaced if lost.

7. Finally, reward cards are only stamped when payment is made in full.

Customers with outstanding invoices will be removed from the reward program.

In other words, bad payers are “not rewarded”.
